

CAREER PROFILE

Detail-oriented Design Engineer with three years' combined experience in a manufacturing environment and one year in research and development. Pursuing a Masters in Mechanical Engineering with a focus in Design & Manufacturing. Seeking to leverage 2D CAD, 3D modeling, and rapid prototyping skills. **Areas of expertise include:**

SKILLS PROFILE

Software

- Fusion360
- AutoCAD
- Siemens NX 10
- Simplify3D

Equipment

- 3D Printers
- XYZ CNC Router
- ULS Laser Cutter/Engraver
- Metal Fabrication Equipment
- DENSO 6-Axis Robots
- Electronic Test Equipment

Languages

- MATLAB
- Python
- PAC Code
- C/C++ (Arduino Based)

EXPERIENCE

PrintForm | Prototype Project Engineer/Account Manager

FEBRUARY 2018 – FEBRUARY 2019

- Reduced quoting cost/lead time by translating 2D drawings to 3D CAD models in-house.
- Directed manufacturing of models and samples through the global supply chain.
- Grew revenues of assigned sales territory with a customer account base of 50+ companies through proactive sales activities and project management.

Paramont Manufacturing LLC | Project Manager/Design Engineer

AUGUST 2017 – FEBRUARY 2018

- Reduced fabrication costs through prototyping with additive manufacturing.
- Managed 100+ production molds, 12+ customer CAD models/specifications in PLM database.
- Solved engineering design problems using analytical and conceptual skills.
- Conducted investigations into new processes, materials, and machines and implemented as required.

Eastman Chemical Company | Control Systems Support Intern

JANUARY 2017 – AUGUST 2017

- Edited diagnostic control modules in DeltaV to retrieve diagnostic information available for recently added DCS systems for routine review and monitoring.
- Contributed to control system migration by working to tie in external reference in class-based control modules.
- Populated interlock database using interlock narratives from drawing information system.

NN Inc. | Engineering Co-Op

AUGUST 2015 – DECEMBER 2016

EDUCATION

Master of Engineering – Mechanical Engineering: Design & MFG. | Old Dominion University

SUMMER 2018 – SPRING 2020

- ABET Accredited
- 3.70 GPA

Bachelor of Science – Engineering Technology | East Tennessee State University

FALL 2012 – FALL 2016

- ABET Accredited
- Academic Honors: Cum Laude
